Re: "Prim Lady"

Good Morning,

Status Report:

1/I appreciate both of you contacting me today.

2/I appreciate Mr. Duff's plan to get a message
to Mr. Galgano reference sheering the boat
to the estimator on 3/27 or 3/28.3/I appreciate Mr. Chiarello's encouragement to
get the estimate done now per the court order
rather than getting an extension of time from the
Court.4/Lastly, I appreciate Mr. Daugherty's willingness
to work diligently on the estimate if he can

- 2 -

4) Conf'd - inspect the boat on 3/27 or 3/28.

Given 1-4 I will not request an extension of time from the court unless Mr. MCLaughlin cannot inspect the boat until after 3/28.

I look forward to working w/ both parties
the estimator to meet the requirements of the
court order dated 3/3/06

In reference to the court order, dated 3/3/06 I saw
no mention of a Status Conference. I am under
the impression that one is to be held on Weds,
4/12/06. If so at what time + where?

Please call w/ questions.

Respectfully yours w/o prejudice,

James F. Siminitch
